

UPDATE ON YOUR *Aetna Vision Benefit*

Your vision benefit with Aetna is equal to what it was previously, and it is now integrated with your Aetna medical plan. **There is not a separate ID card for vision benefits**, meaning that when you visit a participating eye doctor, you should present them with your Aetna medical ID card.

Please note that you must visit a provider that participates with Aetna in order for your claim to be covered at the in-network level. You will realize the lowest out-of-pocket costs by visiting an in-network provider.

How to Locate Participating Providers with DocFind

Step 1: Visit Aetna's website at www.aetna.com

Step 2: At the top of the webpage, click on "Find A Doctor"

Step 3: On the right side of the page under the section labeled "Not a member yet" select "Plan from an employer" (1st choice on the list)

Step 4: Under "Continue as a Guest", enter your zip code, city, state or county

Step 5: You will be asked to "Select a Plan". Use the key below to help you make the correct selection:

| If you are enrolled in an... | DocFind Plan selection is... |
|------------------------------|--|
| Aetna Choice POS II plan | Category Heading: <u>Aetna Open Access Plans</u> Plan Name: Aetna Choice POS II (Open Access) |

Aetna Mobile App

The mobile app gives you access to your secure member information, anytime, anywhere. Use it to:

- Search for a doctor, dentist, or facility
- View claims, coverage and benefits details
- View your Personal Health Record
- View your ID card information
- Contact Aetna by phone or e-mail
- And much more!

Download the Aetna mobile app to your device from the Google Play or App Store today!

Questions?

If you have any questions about this information or your vision benefits, please reach out to Conner Strong & Buckelew's Member Advocacy at **800.563.9929**.
