

*[[Client Name]] is contributing \$500 toward an HRA to help you pay for qualified medical expenses in 2023*

# HOW DOES MY HRA WORK?

The [[CLIENT NAME]] Health Reimbursement Arrangement (HRA) was implemented based on a contractual commitment to represented employees. This specific HRA is an employer-funded account that is designed to work in conjunction with all [[Client Name]] medical plan options to reimburse differences in qualified plan design provisions. The HRA was effective on January 1, 2023 and eligible reimbursement amounts will be determined by the type of service rendered and by comparing your selected 2023 plan with your previous 2022 legacy plan design.
