

NEW! MANDATORY MAIL ORDER

INTRODUCING ALLIANCERX WALGREENS PRIME HOME DELIVERY

ATTENTION! Effective January 1, 2022, members will be required to use AllianceRx Walgreens Prime Home Delivery for maintenance medications. Maintenance medications are medications you take daily for an ongoing health condition. Home delivery is a more effective way to get the medicine you need and save money in the process.

SIGNING UP AND ORDERING YOUR PRESCRIPTIONS IS EASY!

Visit www.HorizonBlue.com/homedelivery to sign up for home delivery and follow the instructions to create an account, or call **888.844.3828**.

Once you have signed up for home delivery, contact your doctor to send your 90-day prescription(s) to AllianceRx Walgreens Prime. After your doctor has filled your prescription, your medicine usually arrives in ten (10) business days. Refills may arrive even sooner. You will have two (2) 30-day courtesy fills at a retail pharmacy while you set up home delivery. After this you will pay **FULL PRICE** for your maintenance medications if you continue to fill your prescriptions at a retail pharmacy.

Visit www.HorizonBlue.com/pharmacyservices to order refills or order by phone at **888.844.3828**. You can choose to receive refill reminders so you have the medicine you need when you need it.
