

ACCREDITO SPECIALTY PHARMACY PROGRAM

Accredo Specialty Pharmacy is a feature that is offered through our prescription drug program with Express Scripts, Inc.

Specialty drugs typically are used to treat chronic and complex conditions. They tend to have a greater cost than non-specialty brand and generic drugs and often times must be taken on an ongoing basis.

Accredo provides an individualized care solution, which includes convenient delivery of specialty medications directly to you and your covered family members.

Benefits of Accredo Specialty Pharmacy:

- Ongoing, one-on-one counseling and education with specialist pharmacists who are available to counsel you
- Safe, prompt delivery of specialty medications, including those that require special handling such as syringes
- 24/7 access to pharmacists and nurses who are all trained in specific conditions how medications are dispensed
- Proactive outreach, including refill reminders
- Access to the widest list of limited and exclusive distribution drugs on the market
- Nationwide delivery and local nursing support through our large network of pharmacies
- Member self-service and ordering capabilities through Interactive Voice Response (IVR)
